OPTIONAL EQUIPMENT AVAILABLE HLS TIPPERS:

- Allegheny Auto-Tip – allows for automatic full up/down cycling of the tipper bucket
- Allegheny Fast-Tip – dramatically increases the tipper efficiency, allowing for high speed “dump-n-run” shredding production
- Laser Safety Light Curtain – allows operator to load tipper without needing to open or close the safety interlock door, saving valuable time

Why Allegheny is the Industry Leader

Industrial Shredders come in all shapes and sizes. Why are Allegheny shredders considered the best in the world? Over 50 years ago, Allegheny founder John Wagner began breaking the barrier, building an industrial shredder to out-perform a powerful 7.5 horsepower shredder already on the market. In 1971, he went one step further and introduced the first heavy duty industrial shredder in the industry – a 15 horsepower beast!

This trend continued into the present day, as Allegheny now manufacturers 300 HP industrial shredders and shredding systems that can produce 20 tons of shredded paper per hour.
