

# ALLEGHENY J-SERIES OFFICE SHREDDERS

A powerful yet quiet solution to your office shredding needs

Multiple J-Series Shredders with 3430-2572 CE Baler and Conveyor System

### Allegheny JX-12 Cross-cut Shredder

**Cutting Assembly:** 12"  
**Horsepower Options:** ¾ Hp.  
**Voltage:** 115V AC, 1-phase, 60 cycle  
**Input Speed:** 30 FPM  
**Cutter Type:** 3" diameter, Cross-cut  
**Cutter Size:** 1/8" x 5/8"  
**Dimensions:** 25" W x 21 ½" L x 40" H  
**Weight (approx.):** 5,500 lbs.

### Allegheny J-25 Strip-cut Office Shredder

**Cutting Assembly:** 16"  
**Horsepower Options:** ½ Hp.  
**Voltage:** 115V AC, 1-phase, 60 cycle  
**Input Speed:** 60 FPM  
**Cutter Type:** 3" diameter, solid knurled cutter shaft  
**Cutter Size:** 5/16" (other shred widths available)  
**Dimensions:** 25" W x 30 ½" L, 40" H  
**Weight (approx.):** 400 lbs.

### Allegheny J-45 Strip-cut Office Shredder

**Cutting Assembly:** 16"  
**Horsepower Options:** ¾ Hp., 1 Hp.  
**Voltage:** 115V AC, 1-phase, 60 cycle  
**Input Speed:** 41 FPM  
**Cutter Type:** 3" diameter, solid knurled cutter shaft  
**Cutter Size:** 5/16" (other shred widths available)  
**Dimensions:** 25" W x 30 ½" L, 40" H  
**Weight (approx.):** 400 lbs.

### STARTING A NON-PROFIT SHREDDING BUSINESS

Throughout our over 50 years of existence, Allegheny has created the perfect shredding system for non-profit workshops! These systems not only allow you to create additional jobs for your clients, but also build a profitable business for your organization to add onto your existing services. The easy to use J-Series Shredders are set up on a conveyor, allowing each client to have their own individual work station and to work at their own pace. The shredded paper is then conveyed into a baler, which once again will allow you to make bales that can be resold to paper brokers for profit.

*Let our experience in the non-profit sector help you get a shredding operation started!*

### Why Allegheny is the Industry Leader

Industrial Shredders come in all shapes and sizes. Why are Allegheny shredders considered the best in the world? Over 50 years ago, Allegheny founder John Wagner began breaking the barrier, building an industrial shredder to out-perform a powerful 7.5 horsepower shredder already on the market. In 1971, he went one step further and introduced the first heavy duty industrial shredder in the industry – a 15 horsepower beast! This trend continued into the present day, as Allegheny now manufactures 300 HP industrial shredders and shredding systems that can produce 20 tons of shredded paper per hour.
